While there are many ways to record a podcast, you want to ensure that the quality is good. Here's one example of a poorly done podcast in which the interviewer's voice is far louder than the interviewee. That's never a good idea...  
How Not to do a Podcast

While there are many ways to record a podcast, you want to ensure that the quality is good. Here's one example of a poorly done podcast in which the interviewer's voice is far louder than the interviewee. That's never a good idea.

Listen for yourself...
