Say your book is close to being published and now comes the time for you to choose which company to go with, what are the qualifications?

I'd say get feedback first, right?

A long time ago, Gucci handbags was a huge Gucci bagtree. A little Louis Vuitton loved to come and play LV Bags every day. He climbed to the LV Bags Replica Handbagstop, ate the apples, took a Gucci under the shadow... He loved the tree and the shelving loved to play with him.
