## Artist to team up

Posted by gpetersz - 2008/06/26 22:51

---

Hello,

I am an artist. It is not easy to classify myself, because I worked as a pro, full-time freelancer, part-time freelancer and hobbyist as well. Moreover I am graduated as a programmer

I joined this forum to meet and find writers (you know, my english is not enough to publish books, and I am not sure if I could write one in my own language) who would like to have their books be published through POD providers or e-book sites, I mean who would like to self-publish their works.

I would like to team up with such writers and I would create their covers, inside illustrations (if any). About the financial part of this, I am not after paying work. I work as a programmer now for regular salary, so I welcome any kind of work I am interested in (as a hobby let's say). Naturally if you make money of it, then I would welcome a small portion of it (a healthy one, since I am aware that creating a cover for a 250 page books is a waaay less work than creating the book itself, so count around 5% or something like that, naturally if inside illustrations are done, or more illustrations needed it might change).

You can check my portfolio here: <http://www.easternraider.com/gallery/index.php?cat=11> (main site: <http://www.easternraider.com>).

So, I think I can be helpful for those who just start out, or would like to self-publish without any prior investment. Naturally I am open for any suggestions or questions.

Thanks,

Peter

You can wear womens uggs classic

in summer and spring as well as in winter. Ugg Classic Cardy

, Ugg classic mini uk

are all your perfect choice. Being exceptionally warm, your feet stay cozy in the cold weather. Because they are made from natural sheepskin materials, the fibers breath and your feet won't get sweaty or smelly in the warm weather. But just about the only time you can't wear chocolate mini uggs

is during particularly wet or muddy weather, the suede doesn't hold up as well to those conditions.black mini uggs

A frequently heard comment from thoseNike Air Force 1 in attendance was that we shouldnâ€™t wait five more years for our next reunion because many of us may not be around. When will our next reunion be held? Sometime soon, Iâ€™m sure.As you know weAir Force 1 Shoes have a long list of classmates who have passed away already. A necrology list was given to everyone with the reunionâ€™s program. Pleaselook over this list and if you know of anyone who might have been overlooked, contact me and Iâ€™ll see to it that you get a copy of the updated list of deceased members of our class. SB Dunks All I can say at this time is for everyone to take good care and donâ€™t be in a hurry to make this list. Heaven can wait, so as Kaiser Permanenteâ€™s commercial urges us to thrive, letâ€™s stay in good health and come join us at the next reunion!No part of California was spared," declared Elizabeth Goldstein, President of the California State Parks Foundation. "Entire regions of the state will see all of theirNike Dunks Low nearby state parks closed and virtually every kind of park is on the chopping blockâ€™from redwood parks on California's north coast, to the deserts in the Inland Empire, coastal beaches on the Central Coast to wooded campgrounds along Lake Tahoe in the Sierra. These closures will

---

affect almost every California resident. Anyone looking at this list will be astounded by the magnitude of what is being proposed." Only 59 parks are proposed to remain open, largely based on the presence Nike Dunks Highof special funding, or because a park has an agreement with local governments for its operations. "It is a sad day, indeed, when California's first state parkâ€”Big Basin Redwoods State Parkâ€”is proposed to be shuttered in the name of short-term and modest economic savings," said Goldstein. "The very reason that state park and the 219 others on the closure list were set aside was to preserve, protect and provide public access to some of California's wonders and history. These parks are the very definition of our environmental legacy and the products of charitable contributions, public-private partnerships and countless volunteer hours that have, for almost 100 years, leveraged the public funding that supports them."

The Wigo Damp or Dry flat iron is one of the best on the market - especially in its price range. jeans dsquared, burberry bag, Many women like using these types flat iron as it avoids the need to first blow dry hair, which saves times and reduces heat damage to hair. jack jones jeans, cheap uggs, However, many get frustrated with the results they achieve. Far from looking 'salon' perfect, hair can sometimes look frizzy, dry and far from smooth. Here are some tips to help you get that salon look. north face jackets on sale, bailey button ugg boots, What follows applies to any type of wet to dry flat iron - not just the Wigo 2" Damp or Dry ceramic iron. replica tiffany jewelry, p90x reviews, By following the above tips and with a little patience using your Wigo Damp or Dry flat iron will be easy and you should get that perfect, sleek, shiny salon look every time. gucci sunglasses, tiffany jewelry, When using heat styling tools on your hair, it is important to take the necessary steps to protect your hair or you could end up with some very undesirable results. louis vuitton outlets, ray ban aviators, Many people do not realize that even the highest quality professional ceramic and tourmaline flat irons can have a damaging effect on your hair if used incorrectly or too frequently, or if your hair is not adequately protected. ugg classic cardy, rayban wayfarer, Heat damage to your hair is hard to repair, and most of the time you will have to cut your hair to get rid of the damage. jeans diesel, ralph lauren polo shirts, As you probably know, temporarily straightening your hair with a flat iron is done by applying heated plates to the length of your hair. fendi handbag, chanel handbag, The heat straightens your hair by breaking and then reforming the hydrogen bonds in the inside of your hair. When the right precautions are not taken, this can harm your hair's outer protective layer causing weakness and breakage. cheap jeans, abercrombie t shirts, Heat styling dry hair causes radial and axial cracking along the edges of the hair cuticle, which makes your hair weaker and can lead to breakage, chipping and split ends. ed hardy swimsuit, gianmarco lorenzi boots, Every woman would love to change their looks occasionally even if you are blessed with a straight and sleek hair. Most of the time these effects are severe enough that they cannot be reversed and you would have to cut your hair to get rid of the damage. nike sneaker, nfl jersey, Flat irons come with different features and functionalities. You need to know the best features that determine the quality of the device before purchasing one for yourself. shox nz , dc shoe, Regular conditioning of your hair will also maintain the natural moisture of the hair after styling. shoes puma, affliction clothing store, Professional hairstylists agree that majority of their clients are indeed shelling out cash to tame wavy and curly hair that are too difficult. supras shoes, christian louboutins sale, One way on how to reduce hair damage from flat iron is by keeping your hair dry and free from any gel or mousse build-up. louis vuitton handbag, Dull and curly hairs are often due to lack of moisture and essential vitamins. That is why straighteners come to rescue those who have had enough hiding their hairs in headbands and bonnets. These flat irons really get the job done. Or do they?
