
Electronic Publishing : New Technologies

Posted by simon162 - 2007/12/26 03:26

Pressmartnet media service company offer digital publishing and arching soultions to publications.They deliver print publication for newspaper,magazines,books,journals and catalogs over the new media distribution channels including web editions,mobile editions,podcastable content, RSS feeds,social networking and content aggregations services. I hope their digital Publication will be very useful for the publishers as the digital edition of a magazine/books is a very powerful marketing and circulation building too.
